

REMARKS:

Claims 1-9 are pending in the application. In the Office Action dated June 22, 2005, The Examiner rejected all claims under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims would be allowable if rewritten or amended to overcome the rejections. In addition, the specification and drawings were objected to because Fig. 3 as filed was in error; the Examiner also claimed there was an error in Fig. 5.

On the attached replacement drawing sheet, a replacement Fig. 3 is provided which is substantially the same as Fig. 3 of the Korean Priority document.

The objection to Fig. 5, namely that the lead line for "50" allegedly points to "14," is traversed. See paragraph [0029] and replacement Fig. 3 for how elements "50" and "14" relate to one another.

As to the 112 second paragraph rejections of claim 1, the phrase "adapted to be cut at one end thereof" was amended to read "having an end which is cut," to clarify the tense. The phrase "formed on each of the both ends thereof" was amended to read "formed on each end of the front pillar trim" to correct the antecedent problem and clarify that "both ends" are on the front pillar trim. The phrase "in such a manner as to correspond to the second through hole" was removed. In addition, the phrases "the one side of the first body," "the one side of the second body," and "the corresponding portion" were amended to correct the antecedent problems.

As to the 112 second paragraph rejection of claim 6, the claim was amended for clarity.

In view of the foregoing, Applicant believes all claims now pending in this application are in condition for allowance. The issuance of a formal Notice of Allowance is respectfully requested.

Authorization is granted to charge any outstanding fees due at this time for the continued prosecution of this matter to Morgan, Lewis & Bockius LLP Deposit Account No. 50-0310 (matter no. 060949-0007)

Respectfully submitted,
